LABEL LEAGUE GAINING IN STRENGTH REPORT

Demand the label!

The label signifies that the work was done under sanitary conditions; by men and women receiving a living wage and is the best. The Richmond Label League is gaining steadily in membership and should receive the united support of every housewife and citizen of the city.

At a meeting last night, a special committee reported that the number of local stores using the label was increasing and the time is not far off when the label will be in all of the stores.

The meeting was held in the Musicians hall. The next meeting will be held on the evening of November 23rd and every union is urged to select representatives to have them present at the session. Elect your delegates at your next meeting and have them present. It's important.

The man was arrested in San Jose.

SUIT AGAINST COUNTY FOR DAMAGES PROBABLE

While the county had evidently dropped its fight against the members of the Richmond Water Commission the members themselves are apparently preparing to make things interesting for the county. At least the statement credited to C. B. Evans in Martinez would lead one to believe this. Evans is quoted as saying "While the county is dropping the whole matter this does not remove the cloud from the commission and myself, and individually I intend to start a legal action very soon. I do not believe in justice to my own reputation I can allow such a charge as published widely and then after it had done the damage die out."

This gives the impression that Evans contemplates suing the county for damages. Other members of the commission when interviewed yesterday refused to comment on the matter.

RETAIL CLERKS WILL BE HOSTS AT WHIST PARTY

Tomorrow evening the whist party of the Retail Clerks Local will be held at Polytechnic hall. Extensive preparations have been made for the affair and a large attendance is expected. Score cards are but 25 cents including refreshments. Dancing will be enjoyed.

A committee consisting of Mrs. S. Adair, Mrs. Mae Cunningham, Miss Pearl Lawrence, Edward Whitesides, George Black, H. B. Hollingbaugh and Charles Kaiser has charge.

The proceeds of the affair will be devoted to the fund being raised to defray the expenses for the big convention of Retail Clerks of California to be held in this city January 9, 1916. Plans for the entertainment of the visiting delegates are already being made and it is expected that the convention will be one of the most successful of the organization's history.

TWENTY ONE INITIATED BY THE RICHMOND ELKS

Twenty one candidates were initiated by the Richmond Lodge of Elks last night. The work was put on by the Alameda Lodge of Elks. Following the installation a banquet was served and a number of entertainers provided an interesting program.

A large delegation of Alameda members of the herd were present at the affair.

Thursday evening the 18th is the date announced for the next Elks ladies night to be given at the hall and club rooms. A feature of this affair is that it will be open to all and that general admission will be 50 cents. The program announced includes some novel motion pictures, an entertainment by J. Emerson Brooks and to conclude with dancing in the club rooms.

The committee in charge is C. D. Horner, A. C. Lang, M. G. Gordon, T. Iverson and H. J. Donnelly.

DAUGHTER OF MEMBER OF LOCAL FIRM IS A BRIDE

San Diego was a matrimonial center claimed another victim on Sunday, when Benjiman Franklin Edwards Jr. and Miss Dorthea Beatrice Burg, of Berkeley and this city respectively were united in wedlock. According to report the affair was not premeditated but the outcome of good fortune which happened to favor the groom.

About ten days ago young Edwards and Miss Burg at that time his fiancee and Mr. and Mrs. Edwards Sr. departed for a visit to the southern exposition. While there, young Edwards was offered a position by an uncle C. B. Zabriskie, who is president of the New York Bank & Trust company. This prompted the marriage and today the entire party is headed for New York via Sunset Limited.

The bride is the daughter of Mr. and Mrs. E. J. Burg of Berkeley. Burg is a senior of the firm of Burg Bros. Inc. Richmond Real Estate operators.

The father of the groom is president of the 23 Avenue Bank of Oakland, and Ex-President of the Berkeley National Bank. He is well known in Nevada and Northern California and is associated with F. M. Smith in a number of enterprises.

Young Edwards and his bride will make Brookfield L. I. their home, where they will occupy his father's summer residence.

BENEFIT WILL BE HELD BY NATIVES TONIGHT

A record attendance is expected at the big benefit whist party to be held this evening at Pythian Castle by the Native Sons and Daughters of Richmond. The Money raised will be devoted to the use of the Orphan's Fund of the Native Daughters. Committees of the two organizations have been working for several weeks on the affair and a good time is assured all who attend. A turkey will be given for every three tables.

The committee of Native Daughters is composed of Mrs. M. Shea, Mrs. L. Gans and Mrs. King, and the Native Sons, Fred Smith, E. W. Thrower and Gus Muller.

LABOR HEADS HOLD PARADE IN CITY

A street parade will be the feature of yesterdays session of the annual convention of the American Federation of Labor which was opened Monday in the California building.

Early yesterday morning the officers of the American Federation of Labor, delegates to the convention an dan army of trade unionists assembled at headquarters at the Hotel Sutter on Kearney street and, headed by a band from Musicians' Union No. 6, marched through the principal streets of the down-town district to Eagles' Hall on Golden Gate avenue, where the convention will be in daily session for the next two weeks.

GOMPERS LEADS

Samuel Gompers president of the American Federation of Labor, escorted the members of the executive council of the A. F. of L. led the procession. Many women participated in the parade.

The portion of the report which was read yesterday dealt largely with affairs of the American Federation of Labor, such as judictional disputes between organizations and the effort of the A. F. of L. officers to bring about a closer affiliation of allied crafts.

From the report it is apparent that it is the determination of the officers of the American Federation of Labor to strengthen the labor movement by whereverey possible bringing about an amalgamation of two or more international unions whose interests are closely allied.

ISSUES LOOM UP

In this connection it is rumored that a n effort will be made at the present convention of the American Federation of Labor to amalgamate the stationary firemen and the steam shovel and dredgermen with the International Union of Steam and Operating Engineers.

An attempt will be made to change the date of the A merican Federation of Labor Convention from November to June. This was strongly recommended at the last two conventions by the executive council of the A. F. of L., but was voted down in convention. The change is desired because of bad weather usually prevailing in the fall.

WARRANT TAKEN OUT FOR ARREST: DIVORCED WIFE STOLE CHILD, SAID

Unable to get possession of his nine-year old daughter of his first wife, F. H. Schach, a salesman for the Standard Oil company, 645 Sixth street, yesterday secured a felony wararut for her arrest on a charge of child stealing. The warrant was taken out by Attorney W. S. Robenson and was issued by Police Judge William Lindsey. The case is an unusual one.

The first wife is Mrs. Melleena Mainwaring, wife of William Mainwaring, an engineer at the Pacific Porcelain Ware company, residing at 436 B street. She was married to Schach nineteen years ago. Some time ago, Schach was granted a diverce and allowed the custody of the four children of the couple —three boys and one girl.

Schach latter married as did his first wife.

Another row, Schach and his second wife separated, it is said.

Mrs. Schach No. 1 secured possession of Mildred the nine year old daughter of the couple, who is a pupil at the Lincoln Grammar school. When Schach attempted to get the child back, he claims that Mrs. Mainwaring refused to do so.

"This apepars to be the only way to get the child," said Attorney Robenson last night.

According to Schach, the child was ill for some time in the Children's Hospital in San Francisco. He claims that Mrs Mainwaring was a constant visitor at the bedside of the child and that to gain the child's favor, she daily brought her candy and other favors.

The News was unable to locate Mrs. Mainwaring last night but it is understood that she will take the matter to the courts before giving up the custody of the child.

HIGHEST TIDE OF YEAR; —FISH SCATTERED ON LAND

The highest tide of the year heightened by a strong wind flooded several hundred acres of subdivided land lying to the southwest of the newly completed Cutting Boulevard and belonging to the Richmond Canal and Subdivision company. This is the first time since 1912 that this land has been covered with water and the sight brought scores of residents out.

As the tide began to fall thousands of sea gulls flocked to the scene of the recently inundated land, and squalling and fighting made short work of large quantities of fish which were left by the outgoing water. As the land was covered to a depth of three feet in places several good sized fish, leopard sharks, and sting-rays were lured in and stranded.

TH E SCHEME TO REPEAL THE SEAMEN'S LAW

Truly, law-making is an extra-hazardous undertaking—it is so hard to known what a law is and when it is! For twenty years a seamen' act has been under consideration. It is fair to assume that the time given to consideration was long enough to permit a clear understanding of the terms and the purposes of the act.

In regard to the extravaganct statement that papers have made as to the Seamen's act driving American ships off the high seas, Andrew Furseth, than whom there is no better informed person on this subject, made the following statement.

"The Dollar line, which is composed of four commonsteamers built in England, registered inBritish Columbia, sails between our western coast and China carries Chinese crews. Two of the boats belonging to the company had been taken under the American flag; one of these has recently been sold to a firm in China and the other still remains under the American flag. In regard to the report that the Pacific Mail line sold its vessels, the facts are that five of them were sold to another American firm now trading through the Panama canal. Under the law they could not do this before they were sold. Of course, it is impossible to tell whether they have been actually sold or merely transferred. This company announced its intention to go out of business when the Panama Canal act was under consideration. R. P. Schwerin, vice-president and general manager of the Pacific Mail comeony, testified before a congressional committee in opposition to a feature of the Canal act which forbids railroad-owned vessels fro using the new waterway; announced that the enactment of that provision would compel his company to go out of business. From this it is evident that the policy of the Pacific Mail line has nothing whatever to do with the Seamen's act."

The Department of Justice and Commerce has "interpreted" the Seamen's law—according to these decisions the safety provisions do not apply to foreign-built ships admitted to American registry under the president's order suspending survey inspection and measurement laws, nor to vessels of foreign countries whose navigation laws "approximate" those of the United States.

Congresse decided to protest life and property on the high seas. These interpretations throw these provisions in the scrap-heap. And the subsidized press exult over the maiming of a great law, because it is a labor law and now continue their clamors for its repeal. These same papers print most moving lamentations over the destruction of the present war, they publicly mourn over every American citizen lost on the high seas and at the same time demand the repeal and herald the interpretation that are said to destroy the provisions of the law which provide for better safety at sea in war or peace.

Failure to provide safety at sea demanded a stupendous toll of human life, and shall we then countenance an effort to destroy a labor law because it makes human safety of greater importance than cheap navigation and the profits of ship owmers?

Shall the law of profits be stronger that the law of humanity? It not, congress must resist the scheme behind the effort to repeal this legislation and must remedy defects that may be indicated.

But why this agitation to repeal the act if its provisions have been rendered nugatory by "interpretion"? Why does the New York Sun editorially continue to wage its campaign of facile manipulation of language and deceptive coloring of facts? Because the big thing in the act is not dead—no one has assumed responsibility for restoring the slave-catching functions of the government—no one aspires to the role of Justice Tawney by rendering a Dred Scott decision for sailors.

The seamen's act must not be repealed it must be repaired to remove any ravages of "interpretations". It must be strengthened, made clear and definate. Destruction and peril of human life must give way to conservation. The law of profits must yield to the law of humanity. And the seamen made free musct and can not be again legislated into bondage.

HI NOTES

Basketball has finally been started at the high school, and the first game of the season is on tap for next Friday night in the gymnasium of the school. This will be a game between the girls of the school and the girls of the Mill Valley High School, and as it is the first game of the season, a large crowd is expected to fill the building. The game will start about 7:45 p. m. and should be a humdinger from the start.

The boys have not started active practice as yet, but several players have been practicing the last couple of days. Among those showing up in good form are: Pierson, Greathouse, Anderson, and the new player, Sanborn. With the addition of Sanborn and Koontz the team should be a contender for the championship in the C. A. C. A. A. league this year. The first league game is scheduled to be played in Richmond within three weeks, with Centerville as the opponents. Marcollo and Greathouse are expected to make strong bids for berths in the team this year.

True Lighting Economy
Demands Good Electric Lamps

ELECTRIC LIGHTING BILLS are always higher in the Fall and Winter than during the Spring and Summer months.

EVERYONE KNOWS WHY—they realize that the hours of darkness increase greatly as winter approaches—understand how the short, cloudy days make a great deal of artifical lighting necessary in home, store and factory.

The greatest help toward keeping lighting bills where they ought to be consists of using Mazda lamps.

Most people interested in getting the best illumination at smallest expense already use Mazda lamps.

TRY THEM OUT IF YOU HAVE NOT ALREADY DONE SO.

AT THE RICHMOND

Today and tomorrow at the Richmond theater will be seen one of the most famous of the recent photo-dramas, "Carmen" in which Geraldine Farrar takes the leading part. The play is based upon the celebrated opera and contains a wonderful series of scenes and acts.

For the filming of the bull fighting scenes of "Carmen," a special permit was granted by the Mayor of Los Angeles, and the occasion made the oficial public reception of Miss Farrar to the city.

20,000 people, all in Spanish costume, banked the sides of the arena. Miss Farrar was welcomed by the mayor, Charles F. Sebastian. Several bull fights were then given in her honor by the professional Toreadores before the filming of the scenes for the production which will be seen here. During the taking of these scenes, one of the bull fighters was tossed in the air by the bull and then thrown on the ground, apparently gored to death, before the eyes of all present. The other Toreadores drove the bull away and the professional leaped to his feet apparently unharmed. He was brave enough to bow to the cheering thousands before falling unconscious in the arms of a companion. The bill will also include a short drama "The Lighthouse Keeper's Son" and a refined comedy "The Marvelous Marathoner."

COASTERS DETERMINED TO DEFEAT THE THE ELKS

Richmond fans will have the long desired opportunity to find whether their optimistic predictions will bear fruit. It happens next Sunday. The game which we have all looked forward to with great relish and fond hopes will materialize. It will be Richmond pitted against a club composed of the pick of the Salt Lake team, close contenders for the 1915 pennant of the Pacific Coast League and several big leaguer stars. For weeks we of Richmond have boasted of our prowess. After the defeat of the Oakland coasters, Richmond fandom stood up on its hind legs, figuratively speaking, and howled its joyous glee.

"Bring on the Seals," we shouted. And straightwith, Manager Willie Luce, who guides the destinies of the club spent several duckets in telephone calls and made arrangements to meet the Salt Lake club.

If the Elks can get away with the Salt Lake aggregation, our fondest hopes will be realized. It will prove, just as we of Richmond have claimed, that the brand of ball dished up in these parts is equal if not superior to that of the Coast League. Last Supday the Coasters cleaned up Sebastopol 5 to 1. Sebastopol gave the Coasters a mighty interesting session and according to those who witnessed the contest the coasters received a majority of the "breaks" of the contest.

Jack Killilay officiated on the mound in that contest for the Coasters. Next Sunday "Dutch" Klamitter will conduct the services from the mound. Probably there is no other club in semi-pro ranks than the Elks, whom the Coasters would like to administer a stinging defeat. The boasts o f Richmond fandom have not served to enthuse the coasters to take a defeat dish with any great relish. In fact, the defeat by the Elks of the Oakland Coasters has served to strengthem the determination of the Coast Leaguers to win—and by a large score.

But we if Richmond are not frightened. We have always claimed that the Elks are equal to any club in the Coast League and it will take a mighty large score to wipe out the sting in Coast League circles of the Elk victory over the Oaklanders.

To those who did not think the Oaks tried to cleam the Elks in that Elk-Oak contest any who heard the remarks of the defeater coasters following the game will bear out the writer when he says that the Oakland club took the defeat as though it were a dose of quinine.

The Oaklanders wanted to come out the following Sunday, they said, and declared that "if we don't beat yuh um we don't want a durn cent."

Now the fans have an idea of what next Sunday's battle will be. The Coasters a re coming determined to win. Perhaps, it is true, as a certain party informed us, that the Coast League magnates have instructed the club to "beat the Elks to a frazzle."

But now remains with the members of the E lks baseball team. They have established a really remarkable record this season. If they can to get off with a victory over this Salt Lake club, it will certainly be a big boost for Richmond.

Personally we think that they can do it. At any rate if hoping counts for anything, they certainly will come close to bringing home the bacon.

An unusual feature of the match is the fact that club management will not make a ny raise in gate fare. The prices will remain the same. A quarter for the bleachers and a dime extra for the grandstand. This is the last game of the season. It is a game which we have all been asking for and now we have it lined up. Show your appreciation fans. Make this the biggest crowd of the season.

Bringing these Coasters is entailing an unusual heavy expense and will mean a loss to the club management. But Luce is a real sportsman. There i s no Healey or Lowenberg stuff in his makeup.

Outside of this, the game should be hum dinger. Just glance at this line-up friends and then prepare to see a real baseball match:
